Mr. Douglas moved to reconsider the vote on the passage of the bill organizing the Territory of Colorado. THE GREATEST COUGH MEDICINE IN THE WORLD Destitution in Kaness.

Archison, Feb. 7.—Mr. W. W. Jerome, of Irving, Marshall county, eighty miles from Atchison, says that the estite and hogs in his neighborhood, are actually starving. The inhabitants are nearly destitute of food and must perish, unless relief is speedlly afforded them. The desperation of despair is seizing upon them. Their teams are going out and are too week to make their way through the snow. Some have been four weeks in trying to get from the Republican Fork to Atchison, and have turned back disheartened.

The population of Marshall county is about three thousand. -We take great pleasure in calling the attention of our readers and the public to the won-

passage of the bill organizing the Territory of Colorado.

A long discursion ensued and the molion was rejected.

The President's message came up, and Mr. Johnson faished his speech. He contended that the reign of terror existed in the seceding States.

He did not believe that Tennessee was going to be lashed to the car of South Garolins. He thought even if the Convention of Tennessee passed such an ordinance, it would have to take the people out of the Union at the point of the bayonet. The Union was not gone; it was a still in existence.

If the old flag was struck to the dust, he wanted a no more glorious winding sheet than that same flag; no better grave than to lie with the Union.

Mr. Foster presented a petition numerously signed in favor of the Border State plan.

Mr. Cameron presented petitions in favor of the Constitution and enforcement of the laws.

Mr. Fessenden presented petitions from citizens of Maine, praying that something may be done to save the Union. A WORD TO GROCERS .- Always keep the Onion.

Mr. Nixon introduced a memorial of 1,500 citizens of New Jersey, saking the adoption of the Orittenden resolutions. He was satisfied that a large majority of the people of that State desire Congress to act speedlily on them.

The Senate amendment to the loan bill was taken up.
Mr. Phelps advocated a concurrence in the amendment to repeal the act of June, 1860, antherizing a loan and providing for the redemption of Treasury notes.

Mr. Sherman replied that, if it was agreed to, it would be no security for refurning the Treasury notes authorized by the act of Docember. He trusted that the next Administration would never come here with a loan bill in time of peace. The expenses should never be allowed to exceed the revenue.

The amendment was rejected, 50 against 101.

Mr. Harris, of Va., was for the Union, now, bleeding and shattered as it is. The cotton States are gone but the Republicans by coming forward like men and rendering justice to the South can prevent a further rupture until the border States, by a firm and conciliatory course, can adjust with them, all pending difficulties; this done, the States would return and the Union be on a more permanent basis than ever.
